**Vagina Care and
Gynecological Diseases**

How Important Vagina Tighten, in a Marriage Life?

80 – 90% of people get divorced because their sex life isn't good,

Women can't only take care of face,

Maintaining a healthy vagina is very important,

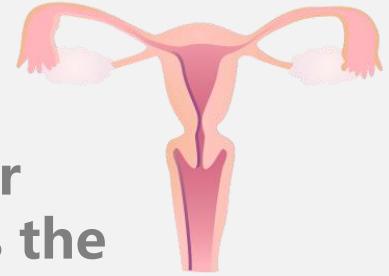

Vagina care is a bonus for "Sex".

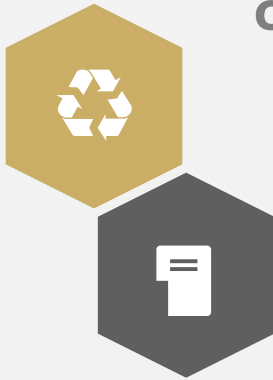

An affair, cheating stories, age increase will influence metabolism of vagina, low level of autoimmunity, busy of work and home, too busy to find time for sex, partner, roommate marriage, compromise bad in a marriage.

**Living
Habits**

Men will not tell a women, her vagina is loose, they will repress the need for sex, can either settle it outside or himself. Vagina loose, will lead to uncomfotable sex, no passion and orgasm, affect the health of women too.

**Relationship Between
Husband and Wife**

Firstly, loose of vagina will affect a relationship and feeling about your spouse in or out of the bedroom. Furthermore, loose of vagina, it will lead bacteria enter easily and increase the chance of inflammatory disease, such as UTI, cervicitis, pelvic inflammation disease cause discomfort. During treatment, avoiding sex until the infection has cleared up completely.

Gynecological Diseases

In addition, fighting against skin aging.

Hormone estrogen is responsible for making skin look younger due to the hyaluronic acid it produces. Estrogen not only affects your skin but also your muscle mass, metabolism, and energy levels.

Effect of Estrogen

02 Vagina Care and Gynecological Diseases

95% of married women over 35 with children struggle with sex

Frequent Sex: Long-term friction will cause melanin precipitation and vaginal loss of elasticity.

Postpartum Mother: Support structure around vagina might change weaken and allow it to sag out

Aborted Women: Unplanned birth planning occurs

Sedentary: Not exercise exercise, cause vagina and pelvic muscles sag.

New Married: Perfectionist psychology or the other side of the male self-esteem is too strong in sex

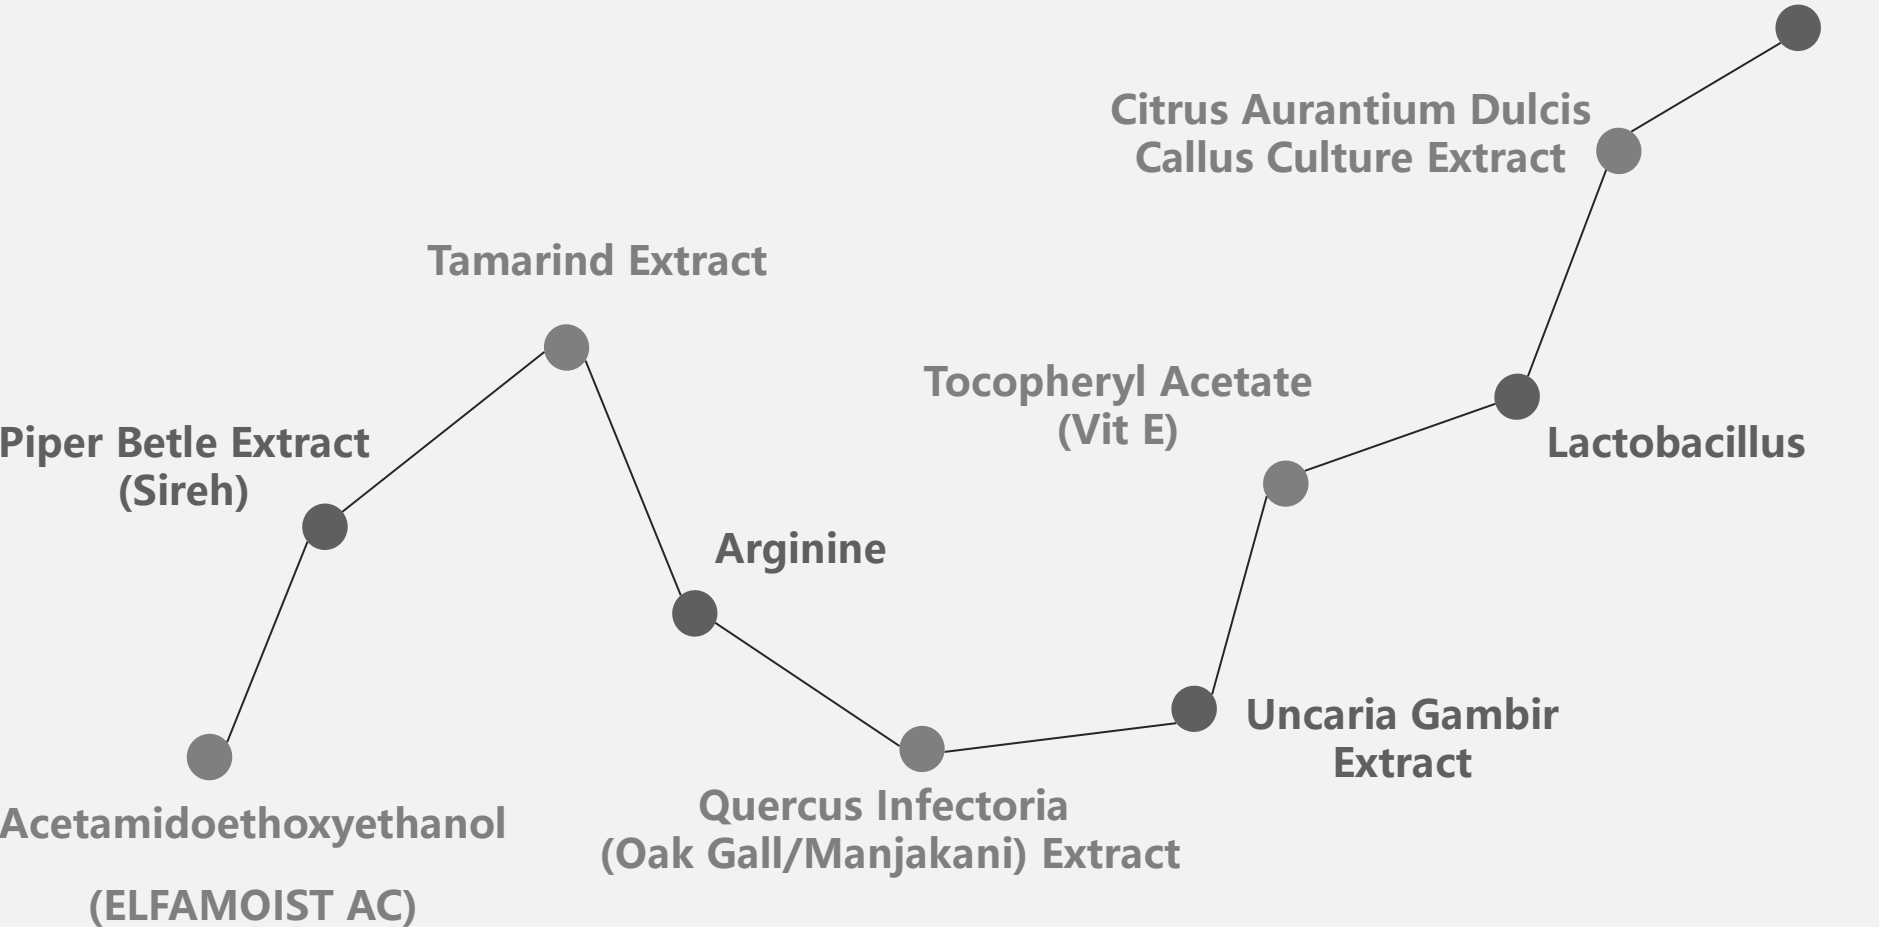

Who will face Vagina Loose?

All-in-One Active Regenerating Serum

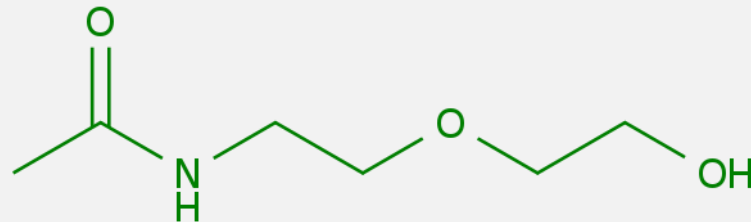

03 All-in-One Active Regenerating Serum – Main Ingredients

1

Acetamidoethoxyethanol (ELFAMOIST AC)

- ElfaMoist® AC humectant is an effective new active that easily penetrates inside the skin (stratum corneum), delivers and increases hydration keeping skin moisturized for over 30 hours.
- Equally important, ElfaMoist® AC humectant performs exceptionally without showing disruption to the skin barrier, making it safe and gentle on skin.

2

Piper Betle Extract (Sireh)

- **Treat vaginal discharge by inhibiting the growth of the fungus (*Candida Albican*) that causes vaginal discharge.**
- **Antiseptic to treat itching and allergies on the skin and rashes.**
- **Smoothing the menstrual cycle and fertilizing the uterus/uterus.**

3

Quercus Infectoria (Oak Gall / Manjakani) Extract

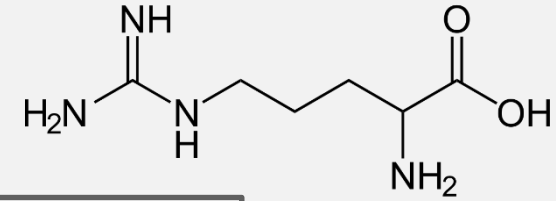

- Anti-inflammatory, antimicrobial, astringent, and antioxidant properties. Its strong astringent properties aid in tightening and firming up the muscles of the vaginal wall, restoring elasticity, improving muscles tone and also assisting in reducing vaginal discharge (leucorrhoea) that can cause bad odor.
- In addition, it also contains natural antiseptic properties that are effective in eliminating bacterial, yeast and fungal infections
- The main cause of itching and unpleasant odor in the intimate area that have showed in several studies.

4

Arginine

- Plays a role in building protein. the protein to help build muscle and rebuild tissue.
- Reduces or inhibits the odor or basic taste of the product. Keeps the skin in good condition.

5

Tamarind Extract

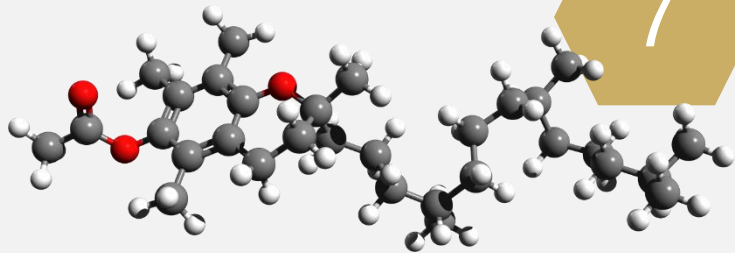

- Tamarind seed boosts skin elasticity, provides hydration and smoothness.

6

Uncaria Gambir Extract

- Improving blood circulation especially in men, effective as aphrodisiac, antibacterial, antifungal and antioxidant

7

Tocopheryl (Vit E)

- Act as antioxidant for skin' s repair against free radicals and harsh environment

8

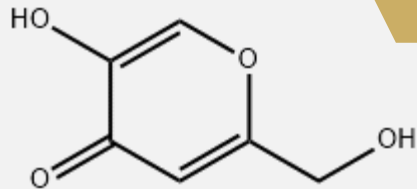

Lactobacillus

- Anti-inflammatory agent to prevents propagation other microbial on skin.

9

Kojic Acid

- Inhibits an enzyme necessary in the production of melanin, helping to fade dark spots and discoloration.
- It also delivers some antioxidant protection

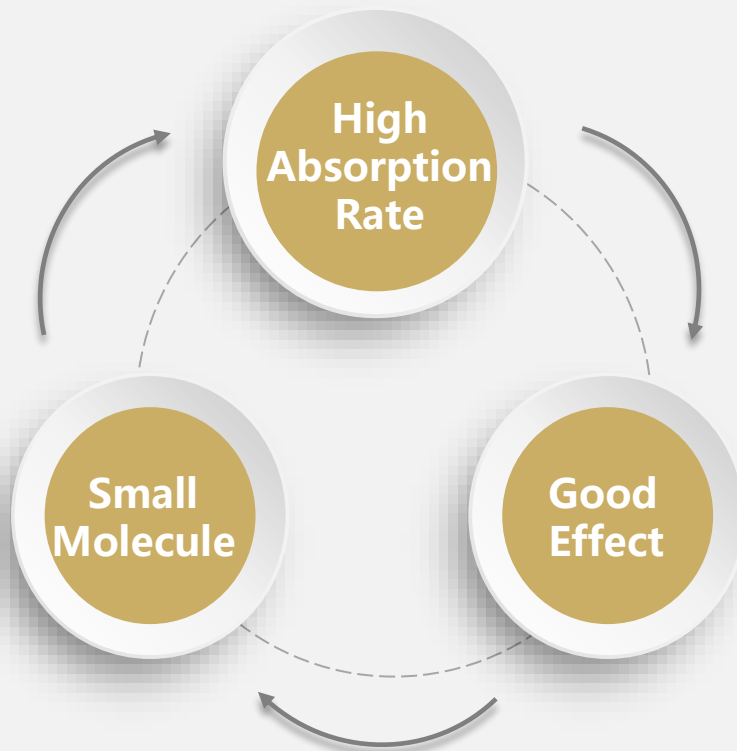

10

柑橘枳壳愈伤组织培养提取物

- Citrustem™ is produced from stem cells obtained from the orange (*Citrus sinensis*).
- These stem cells contain amino acids, especially proline and betaines (proline betaine and glycine betaine); as well as organic acids, sugars, peptides and proteins.
- They protect the cell from saline or temperature changes and maintain the osmotic cell balance in response to stress.
- Citrustem™, obtained from orange stem cells, increases the expression of genes capable of improving the structure of the extracellular matrix.
- Citrustem™ organizes and redensifies the dermis structure, by increasing the synthesis of the elements forming the extracellular matrix.

03 All-in-One Active Regenerating Serum

03 Four Main Products Features

Citrustem Stem Cell

- Deep moisturize in labia skin
- Restoration
- Nursing Essential Lotion

ELFAMOIST AC Humectant

- Latest innovative skin care ingredients
- Achieve deep skin moisturizing effect
- Achieve cuticle repair function

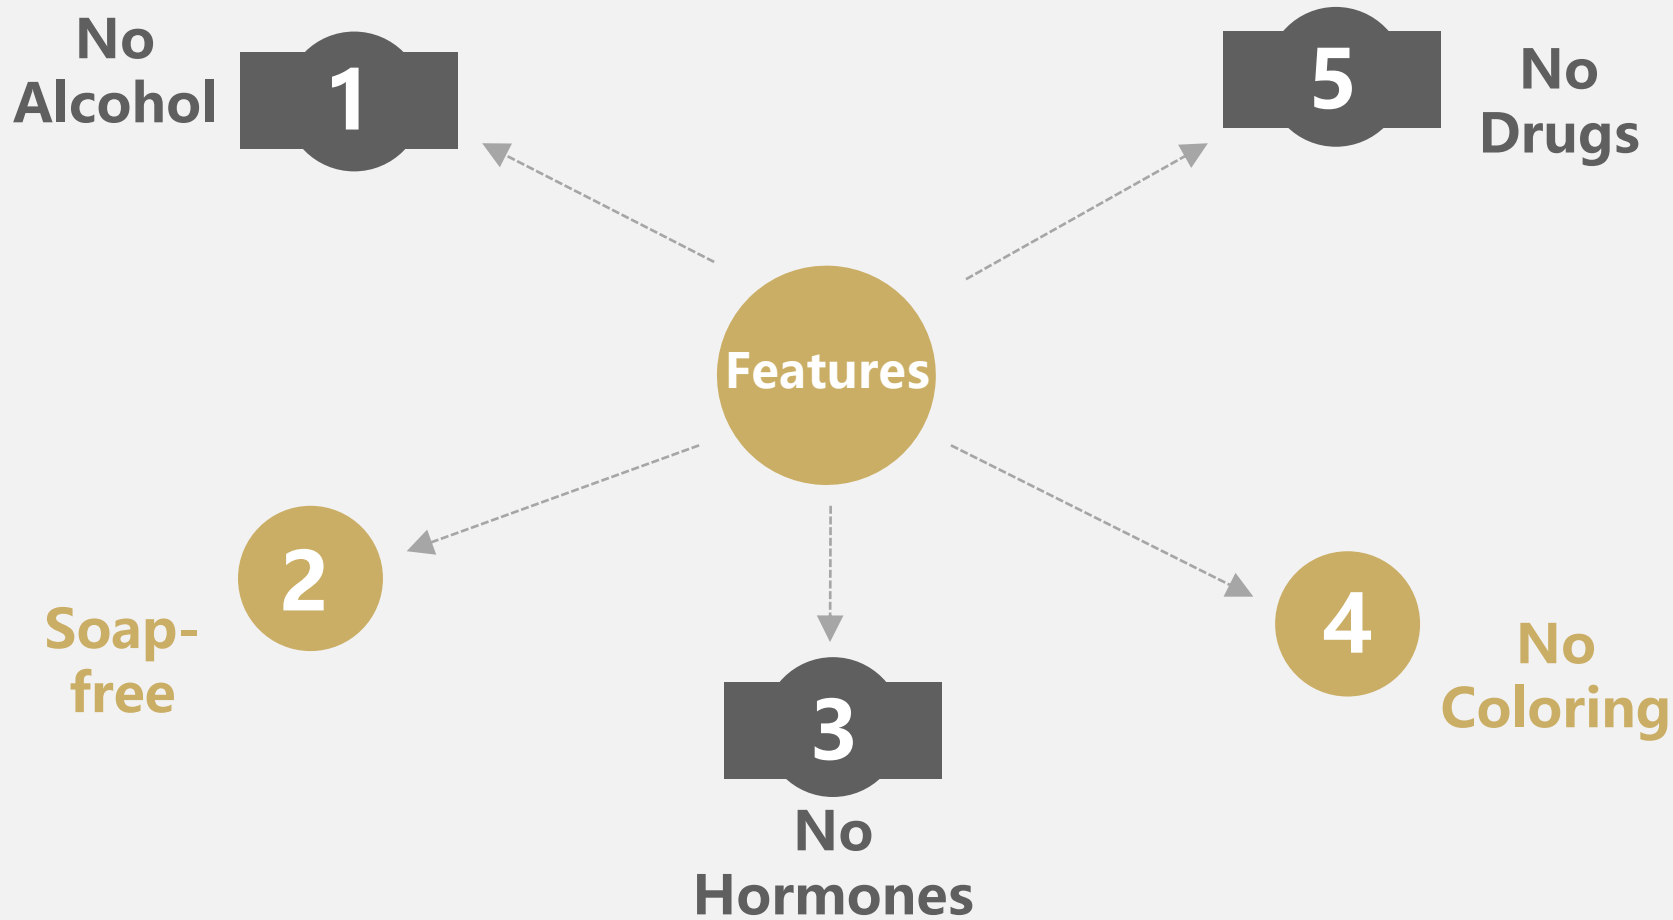

Lactobacillus

- Good moisturizing effect
- Whitening
- Natural sterilization and antio corrosion

Quercus Infectoria Extract

- Antibacterial
- Anti inflammatory
- Sensitive resistance

**Dark Vagina
Skin Tone**

**Daily Vagina
care**

04

Frequent

Asked Question

1

Can I use it everyday?

A: Yes, use after shower. Apply at tail part of the inner vagina area. Daily use for better result.

2

How to achieve the exquisite effect of vagina tighten?

A: It is achieved through the main ingredient, Citrustem™ stem cells, because stem cells contain amino acids, especially proline and betaine. It protects cells from salt water or temperature changes and maintains osmotic cell balance under pressure. Citrustem™ increases and improves gene expression and synthesis of elements that form the extracellular matrix to organize and densify dermal structures.

3

Can I apply whole vagina included front part?

A: Yes, long term use can get a better caring result.

4

If apply, after birth do vagina tighten go back to normal?

A: Vagina is an elastic organ, its muscles can be expanded to accommodate a newborn through, but after birth, uterine sagging vaginal elasticity becomes poor, leucorrhea increase, daily use for better result, it can gradually enhance the elasticity of the vagina of tightness.
