NAD+ Bonus Point

Why did NMN become so popular all of a sudden?

NAD+ Bonus Point

Li Ka-shing, the richest man in Hong Kong, said: "After taking NMN, my physical strength has improved, and he has invested 750 million in related research."

NAD+ Bonus Point

**The World Stock God said:
"NMN makes him energetic every day."**

NAD+ Bonus Point

However, NMN is not only popular because of these, but also because of the accumulation of countless scientific research!

NAD+ Bonus Point

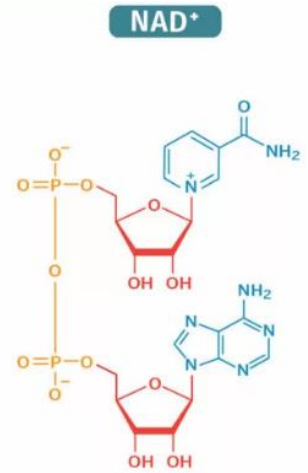

In 2013, David Sinclair, director of the Biology Center at Harvard Medical School, first discovered that NMN can increase NAD+ in the body.

NAD+ Bonus Point

Scientists confirm that NAD+ can increase human longevity and repair damaged DNA

03 BELLE NMN+

BELLE NMN+

If you want to be young, you have to cultivate both inside and outside! Because as people often say, "You are what you eat", no matter how expensive the skin care products are, if you don't repair your skin from the inside, the beauty effect will be discounted!

Only by repairing your skin from inside and outside, can you make your skin truly healthy and attractive!

BELLE NMN+

**Internal repair is essential for healthy and youthful skin!
BELLE NMN+ is formulated with active ingredients such
as NMN 450mg and red ginseng, which penetrate deep
into cells to repair damaged DNA, enhance cell vitality,
and defend against the invasion of aging.**

**This internal repair not only makes skin look younger,
but also improves its texture, making it softer and more
elastic.**

BELLE NMN+

In today's high radiation and ultraviolet environment, the importance of BELLE NMN+ is even more prominent! The damage of ultraviolet rays is not limited to the surface of the skin, but may also affect the health of cells inside the skin. Let BELLE NMN+ protect your skin, repair damaged cells from the inside, and provide all-round protection for your skin!

BELLE NMN+

In addition, choosing BELLE NMN+ can also help you save expensive dermatologist fees. With people's increasing attention to skin health, going to a dermatologist for help has become a norm, however, the high cost may discourage some people.

BELLE NMN+

Choosing BELLE NMN+ will not only make your skin younger, but also save you a lot of money! Remember, starting from a young age, both internal and external repair is the only way to keep your skin young and beautiful. Let BELLE NMN+ be your "guardian angel" and bring lasting youthful vitality to your skin!

BELLE NMN+ internal and external repair, help you to be beautiful and care for your skin without worries!

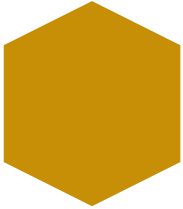

Is NMN really that powerful?

- **NMN can be converted into "NAD+", which is an important coenzyme.**
- **Throughout human life, NAD+ participates in our metabolic cycle and is closely related to our youth, beauty and health.**
- **As we age, our NAD+ will gradually lose. In the absence of NAD+, it will also affect the metabolism of functions.**

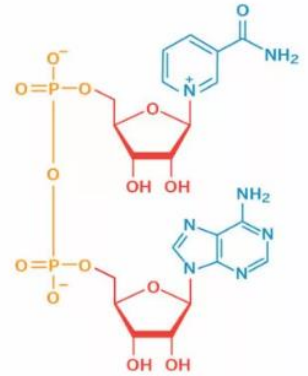

Main Ingredients

01

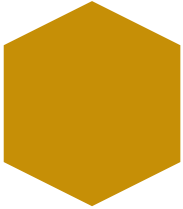

NMN

Using the most advanced NMN patent imported from Japan with a purity of over 99% and high content

Main Ingredients

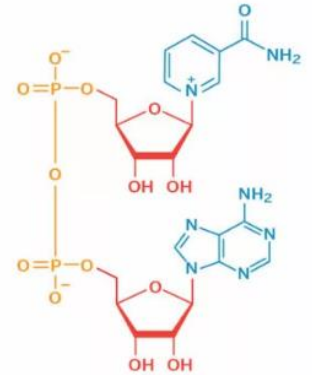

01

NMN

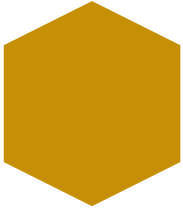

Precursor molecules can: increase cellular levels of carnitine adenine dinucleotide

1. Supplement the body's essential NAD⁺ - helps repair the cell system and activate. Sirtuins longevity protein, reduces the risk of mitochondrial abnormalities
2. Repair DNA - improve body function
3. Anti-aging and delay physiological decline - extend life and inhibit aging, fight aging
4. Improve memory - improve cognitive ability and improve memory decline

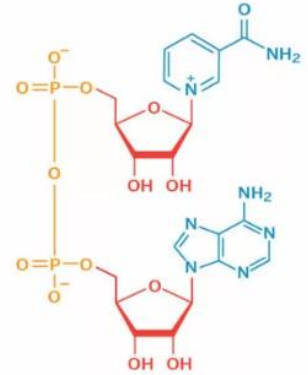

Main Ingredients

01 NMN

Precursor molecules can: increase cellular levels of carnitine adenine dinucleotide

NAD⁺

5. Maintain cardiovascular health - improve obesity and reduce the risk of cardiovascular disease
6. Maintain bone health - slow down bone loss and prevent joint diseases
7. Improve sleep quality - for people who often stay up late and are easily fatigued, it helps regulate the biological clock and reduce insomnia
8. Maintain energy metabolism - improve physical fitness and muscle strength

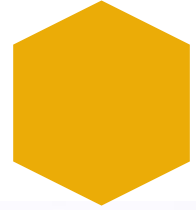

Main Ingredients

Red ginseng peptide

Peptide active ingredients

02

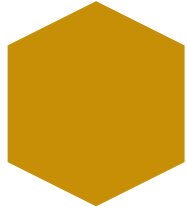

- Protects the skin from UV radiation damage and enhances the skin's resistance.
- Reduces the production of sunburn cells, prevents photoaging, and keeps the skin hydrated.

Main Ingredients

03

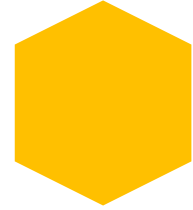

Ascorbic acid (vitamin C) (A powerful antioxidant)

- Eliminate free radicals and reduce oxidative stress damage to the skin, thereby delaying the aging process of the skin.
- Promote the synthesis of collagen, improve the elasticity and firmness of the skin, while reducing the deposition of melanin and brightening the skin tone.

Main Ingredients

Grape Seed Extract 04 (Rich in Antioxidants)

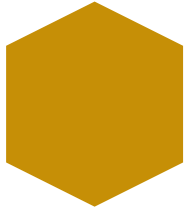

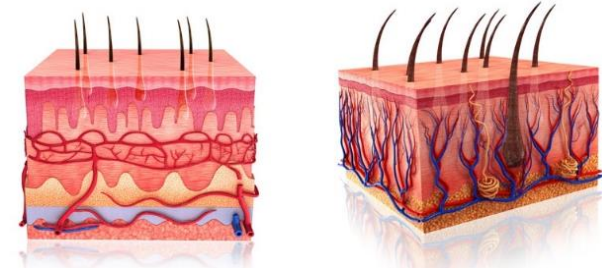

- Grape seeds help improve cardiovascular health, promote blood circulation, moisturize, tighten skin, delay aging, restore skin elasticity, and lock calcium in the skin.
- Improve capillary health and prevent free radical damage. Effective anti-oxidation, whitening and lightening, enhancing immunity

Main Ingredients

05

Bran ceramide

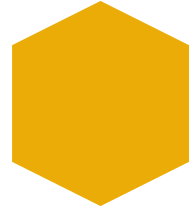

(Natural Skin Protection Factor Active Ingredient)

- Effectively resists UV damage, protects the skin from sunburn, and prevents the formation of dark spots.
- Helps you have healthy and bright skin and stays away from skin diseases.
- Enhances skin barrier function and reduces moisture loss.

Main Ingredients

Yeast Extract 06 (Rich in Glutathione)

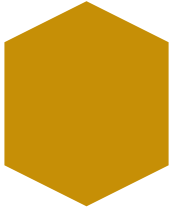

- Inhibits the production of melanin, whitens, lightens spots, and brightens skin tone.
- Antioxidant and anti-inflammatory effects, can protect the skin from free radical damage

Main Ingredients

07 Mixed Berry Powder

(Blackberry, Raspberry, Elderberry, Blueberry)

(Rich in Antioxidants)

- Anti-oxidation, improve vision, and enhance immunity.
- Reduce the appearance of wrinkles and fine lines, delay skin aging, and relieve skin inflammation.

Main Ingredients

Strawberry Powder 08

(Rich in Vitamins and Antioxidants)

- It has multiple skin care benefits.
- It inhibits skin inflammation, soothes acne, shrinks pores, and brightens dull skin.

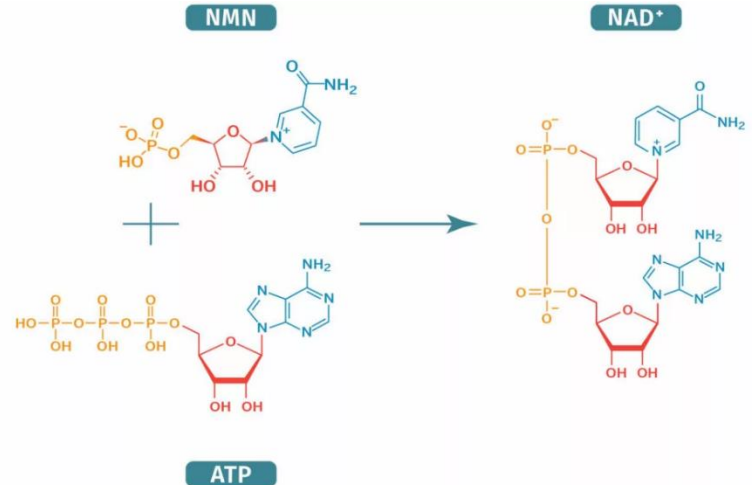

Main Ingredients

At this point, I might wonder,
Why not just supplement NAD+?

1. NAD+ taken in cannot act directly
2. After taking NMN, we can convert it into NAD+
3. This is the only way to use it.

VS

**BELLE
NMN+**

1

Belle NMN+
1 sachets contains
450 mg of NMN

VS

8. Protects brain health
9. Boosts energy, resists stress and refreshes

18 **Function** of NMN

10. Enhance immunity
11. Activate cell vitality
12. Improve memory and concentration
13. Improve vision
14. Promote overall health
15. Lower bad cholesterol and prevent cardiovascular disease
16. Improve sleep, relieve anxiety, and promote relaxation
17. Maintain bone health and slow down bone loss
18. Enhance skin barrier function and reduce water loss

6 Major Features of NMN

1. 100% natural, no side effects
2. Certified by the Ministry of Health Food, quality guaranteed
3. Helps block UV rays and reduce the risk of skin cancer
4. Consistent quality, safe to enjoy
5. Professionally developed, scientifically formulated to ensure the best results
6. Helps promote skin health and delay aging effects

Who Need it?

Office workers
or students

Beauty lovers

Eating out and
unbalanced diet

Those who are
supplementing
collagen and
hyaluronic acid

Silver Hair

Direction of Consume

Take 1 sachet per day, orally.
(Can be taken before or after meals)

16 sachets / box

04 Frequent Asked Question

Frequent Asked Question

1

At what age can one start taking NMN? Does NMN have any side effects?

Currently, NMN supplementation is safe and can help regulate physiological functions. NMN can be supplemented at any age. NMN is mainly related to youth, beauty, and skin care. Children do not have much demand for this. They can supplement it after they enter adulthood and want to maintain their youth and beauty.

Frequent Asked Question

2

Can I drink NMN if I have a tumor?

NMN contains no hormonal components, so there is no need to worry. NMN has the effect of repairing cells and activating cells, making it suitable for individuals with tumors to consume. For those with special constitutions or serious health conditions, please consult a professional doctor before use.

Frequent Asked Question

3

Can pregnant women/breastfeeding women take NMN?

Sure. NMN comes from natural plant sources such as broccoli, cabbage, tomatoes, avocados, etc. If you are pregnant or breastfeeding and have concerns, please consult a professional gynecologist for advice, as each pregnant woman's body is different.

4

Can vegetarians take NMN?

Yes, NMN comes from natural plant ingredients.

Frequent Asked Question

5

How much NMN do adults need to take per day?

Based on current clinical measurements, the daily range is from 250mg to 900mg. Even taking NMN in amounts of 1000mg or 2000mg daily is safe and without side effects. The effectiveness of different NMN dosages in increasing NAD⁺ levels in human cells is proportional to the dosage.

6

What is the difference between collagen and NMN?

NMN is a coenzyme and collagen is a protein.

Frequent Asked Question

7

If I take other health supplements before taking NMN, do I need to take them at a certain time?

NMN is also a health supplement, there is no difference.

8

If I am taking Chinese or Western medicine, do I need to take NMN at different times?

Please take NMN 1 hour apart.

Frequent Asked Question

9

Can I take NMN during my menstrual period?

Yes. Please consult your doctor if you have any special conditions.

10

Can I take NMN if I am sick with fever/cold/COVID or other symptoms?

Yes, NMN can quickly repair and enhance immunity. It is recommended to increase the dosage during this period to achieve the effect of rapid repair.

Frequent Asked Question

11

Can I take NMN after surgery?

If it is a minor surgery, those can quickly reduce inflammation and repair wounds. If you need surgery for other diseases, please consult a professional doctor.

12

Can diabetics consume NMN?

Yes, NMN contains a variety of antioxidant ingredients and is suitable for diabetics to drink, and it is good for their blood.

Frequent Asked Question

13

Can patients with cardiovascular disease consume NMN?

If you have already undergone surgery and your condition is stable, you can drink it. The ingredients of red peptide ginseng, ascorbic acid, and grape seeds are beneficial to cardiovascular disease. If you are in a dangerous stage or are about to undergo heart surgery, it is recommended to consult your attending physician first.

14

Can patients with high blood pressure or high cholesterol patient consume NMN?

Yes, NMN contains a variety of antioxidant ingredients (red peptide ginseng, ascorbic acid, grape seed), which is suitable for the above patients to drink. It can achieve the effect of blood purification and is beneficial to the disease.
